

School Support Organizations and Fund Raising by These Groups**School Support Organizations**

The Board encourages the formation of a parent-; teacher-; (student-, as appropriate) association at the school for the purpose of providing an opportunity through which parents, teachers, and students may unite their efforts and interests to enhance the school program. In schools where no such organization exists, the Board of Trustees can recognize another parent group as the official body through which parents, staff and students may unite their efforts for similar purposes. Booster clubs and/or special interest organizations may be formed to support and strengthen specific activities conducted within the school. All such groups must receive the approval of the Board in order to be recognized as a booster organization. Staff participation, cooperation and support are encouraged in such recognized organizations.

Fund-Raising by School Support Groups

Fund-raising by school support groups such as booster clubs, parent councils, and the like are considered a usual and desirable part of the function of such groups. The specific fund-raising activities must be approved in advance by the Board of Trustees and must be consistent with Policy #3530 pertaining to student fund-raising.

The Board of Trustees shall approve all expenditures of such funds. All such funds raised by school adjunct groups are to be used for the direct or indirect support of school programs. Equipment purchased by support groups and donated to the schools becomes the property of the District and may be used or disposed of in accordance with District policy and state law.

These fund-raising activities must conform to the following guidelines:

1. If the fund-raising activity involves students or the school, the fund raising must be approved by the Board of Trustees.
2. The fund-raising activity must not interfere with the educational program.
3. Any student participation must be purely voluntary. Door-to-door solicitation by students is discouraged but the District recognizes that parents have the responsibility for directing the behavior of their children in non-school hours.
4. The number of fund-raising activities in any school should be limited to a few each year.
5. The purpose of the fund-raising effort must be well publicized to parents and other citizens.
6. The fund-raising activity must be such that it is not likely to create a poor image for the school support group or the District.
7. If local or state agencies require a license or permit for the fund-raising activity, the license or permit must be obtained in advance by the school support group.
