

## Rural Transportation

8100

The District may provide transportation to and from school for a student who:

1. Resides three or more miles, over the shortest practical route, from the nearest operating public elementary school.
2. Is a student with a disability whose IEP identifies transportation as a related service; or
3. Has another compelling and legally sufficient reason to receive transportation services.

The District may elect to reimburse the parent or guardian of a student for individually transporting any eligible student.

The type of transportation provided by the District may be by a school bus; or by such individual transportation as paying the parent or guardian for individually transporting the pupil; or, providing supervised home study. The District may transport and charge for an ineligible public school student provided that the parent or guardian pays a proportionate share of transportation services. Fees that are collected for the transportation of ineligible students shall be deposited in the transportation fund. Transportation issues that cannot be resolved by the Trustees may be appealed to the County Transportation Committee.
